American Co. to Build New Plant.

Sewer Pipe Men Make Independent Move.

They Are Not Feared by Old Company.

The American Sewer Pipe company, operating factories all through this section as far west as Brazil, Ind., sustained an unexpected blow Saturday, says a dispatch from East Liverpool, by receiving resignations from General Superintendent T. F. Anderson, of all the plants in district No. 1, whose output is nothing but sewer pipe, and of Captain John N. Potter, general manager of all the paving brick factories controlled by the trust in this section.

It became known today that these men would enter the same trade of the American Sewer Pipe company, as Mr. Anderson has just completed the formation of a company which will erect a sewer pipe plant near Butler, Pa., with a capacity of 34 kilns, and that Captain Potter will build at once a large paving brick factory. These men are known to be the best manufacturers of their respective lines, and before the sewer pipe trust was formed Anderson was one-third owner of the Knowles, Taylor & Anderson sewer pipe works, one of the largest in the country.

The new independent factories will employ in the neighborhood of 600 men.

When asked how the reported resignations would affect the American Sewer Pipe Co., Chas. F. Chapman, local manager for the American Sewer Pipe Co., said: "Mr. Anderson was not general superintendent. He was in charge of one of the East Liverpool plants. I never heard of Mr. Potter. The resignations will not affect the American Sewer Pipe Co. and I think the whole story is the dream of a correspondent."

Nature Needs a Little Help.

The first symptom of disease is congestion and inflammation of some one or more of the organs of digestion, nutrition, secretion and excretion, vital force is diminished and the blood vitiated. The most absolutely scientific, safe, agreeable and certain remedy to relieve liver, kidney, skin and bowels is the good old pill of our fathers, "St. Bernard Vegetable Pills." Nature's kindest and best assistant.

JUMPED TRACK.

Excitement Caused by a Run-away Caboose.

(Special Correspondence.)

Mogadore, July 16.—(Caboose No. 130 on the W. & L. E., jumped the track north of here and ran nearly a quarter of a mile on the ties. When going around a curve it broke away from the rest of the train and fell down over a steep embankment. Wallace Bear, a flagman, who was standing on the back platform of the caboose, jumped and alighted on a small pile of ashes about three feet behind the caboose. Had he jumped three feet further he would have landed under the caboose. Conductor Smith, who was in the caboose, tried to get out of the front door on a coal car ahead but did not succeed. Smith was in the caboose when it fell over the embankment. He was found a few minutes later by Henry Ulin, who was close by, and taken out of the wreck and removed to Wm. Swoope's hotel, where he was cared for by Dr. Bauer. Smith

BODY

Of Merrill Has Been Found.

Tracy Claimed to Have Killed Him in a Duel.

Seattle, Wash., July 16.—The body of David Merrill, the convict who escaped from the Salem penitentiary with Harry Tracy, was found yesterday near the Poor farm, just where Tracy said he had killed his companion. The finding of Merrill's body brings the total number of Tracy's victims up to nine. Tracy in a statement to one of many farmers he has held up during the hunt admitted that he had killed Merrill, but said he was forced to do so, Merrill having attacked him. Tracy said that he had killed Merrill in a duel, they having agreed that one must die, as it was impossible for them to escape if they traveled together. It is believed that Tracy, realizing that Merrill was a millstone around his neck, killed him in cold blood.

MOSQUITO

Bit Hugo on the Arm, Causing Blood Poison.

New York, July 16.—Hugo Van Loos, who arrived in this country last week from Germany, is in a critical condition at McKinley hospital, in Trenton, N. J., from a mosquito bite. When he arrived at Elizabeth, on his way to that city, a mosquito bit him on the hand and blood poisoning set in. His hand and arm swelled to enormous size and he suffered intense pain. Dr. Brown fears that amputation will be necessary.

JUGGLING AND SONGS AND COMEDY

A Good Vaudeville Bill at Lakeside Casino.

There is a good bill at Lakeside casino this week and a crowded house enjoyed the performance last night. Pelot, the comedy juggler, does a first class act, and catches apples thrown by the audience on a fork which he holds in his teeth.

The Parcons in their comic grotesque pantomime act offered heaps of amusement, while even the most sedate relapsed their severity for a few moments and laughed heartily at the ridiculous, but intensely comical, spectacle presented in the grotesque dance. Child precocity in the highest degree is exemplified by Master Duffy, called "the Napoleon of miniature comedians," and he certainly has them beaten as his famous namesake beat his enemies. The child creates an intense, favorable impression. He is a natural born jester.

Armstrong and Cassidy do a great singing and talking act. Miss Cassidy is the best singer that has appeared at the casino this season.

Dick and Alice McAvoy, presented a very amusing sketch of a tough boy and girl, with a characteristic scene in Hogan's Alley. Besides some amusing comedy and clever dancing, they sang two original topical songs that were vigorously applauded.

Don't Use Stimulants

to bouy up weak, worn, tired-out stomachs. Spur a tired horse—for a moment he bounds forward, then drops.

Just so with a tired stomach. Stimulants force it to a brief, unnatural effort. Then it collapses completely. It needs rest.

By the use of Kodol Dyspepsia Cure your food is digested without the stomach's aid. It builds up the body while the stomach gains fresh strength. Rest is nature's greatest tonic. It soon restores health. It is not necessary to diet. That only further weakens the system. Kodol Dyspepsia Cure will digest any kind of good, wholesome food you want to eat. Cathartics afford only temporary relief.

Made To Digest Food.

"I had stomach trouble of four years' standing," says Geo. R. Colbath, Alpena, Mich., "which was so bad that at times I was forced to abandon my business and stay in bed. At last I was induced to try Kodol Dyspepsia Cure, from which I received immediate relief and a few bottles effected a complete cure."

TEXAS SHERIFF IS A SURE SHOT

And Shooting Gallery Men All Going Broke.

New York, July 16.—The proprietors of Coney Island shooting galleries are gloomy today and Sheriff Patrick Garrett, of El Paso, Texas, six feet four in his stockings, and afraid of nothing, is the cause. The sheriff is here to decide a dispute over some western cattle, and he is amusing himself at seaside resorts out of business hours. "Hit the bull's eye three times and get a cigar," is the cry. Sheriff Garrett has been hitting the mark constantly for several days, without a miss, has rounded up a great array of cigars, and his prowess with a rifle has put half a dozen gallery men nearly out of the business.

Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing dangers of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits.

BUSY AS BEES.

Agents Had Good Time But It Didn't Last.

(Special Correspondence.) Barberton, July 16.—John Kogel and A. Glutner, with several associates, representing the Griffith Co., of Pittsburgh, arrived in the city Monday, and were soon as busy as bees selling all sorts of things from wringers to Bibles. They had neglected to secure a pedlar's license, however, and it wasn't long before the heavy hand of the law was upon them. They were brought before the Mayor and the ordinance regulating pedlars read to them. The Mayor was lenient and up on their promise to leave town let them off without a fine.

SAYS HE DIDN'T.

Charles Jacobs Denies Keeping His Saloon Open Sunday.

(Special Correspondence.) Barberton, July 16.—Charles Jacobs was brought before Mayor Buel, Tuesday afternoon, charged with keeping "open house" at his saloon in West Barberton, Sunday, July 6. He pleaded not guilty and will be given a hearing Thursday morning.
